

**UNITED WAY OF BROOME COUNTY**

Agency Name: Boys & Girls Club of Western Broome, Inc.

Program Name: Summer in the Parks Program

Program Success Story:

Over the years, this program, free to children who participate, has grown in part due to the poor state of our economy. It is being offered in a neighborhood where, in many cases, parents have a low-paying job or are unemployed. They have commented that their children love the activities which are supervised by a caring staff. With no cost to parents, it provides a day filled with good supervision, lots of fun, and many learning experiences for their child.
